## The Handheld Wireless Payment Processing Solution for Credit Cards

The Handheld Wireless Payment Processing Solution for Credit Cards

The Mobilescape 3000 is the most complete wireless payment processing solution for credit cards available today. The rugged Mobilescape terminal enables secure, rapid payment transactions anywhere. Mobilescape is easy to use and doesn't require formal training—just power up and swipe.

For retailers, restaurant wait staff, delivery services, home repair services, direct sales personnel—anyone who collects payments “on the go”—the affordable Mobilescape solution includes hardware, software, integration services, wireless service, transaction processing, and unbeatable support and maintenance. Mobilescape delivers immediate value to your business by increasing revenues and operational efficiency and by decreasing risk and costs.

**Increase Revenues:** Get on-the-spot credit card authorizations in less than 10 seconds, spend less time approving credit cards and more time making customer visits and developing new business, and lower processing fees with "card present" transactions

**Reduce Risks with Secure, Paperless Transactions:** Electronically track tips and invoice numbers, capture valid signatures on Mobilescape's touch screen, instantly access stored signatures and receipts online, print customer receipts on the spot

Meeting all of your point-of-sale needs!

**SETTING THE STANDARD FOR QUALITY**
